📍 Lapu-lapu Extension, Barangay Zone III, Digos City

ABOUT ME

Detail-oriented Information Technology student with strong analytical thinking, initiative, and adaptability. Experienced in mobile application development using Flutter, with knowledge in Java, JavaScript, HTML, CSS, PHP, and Python. Developed several academic and personal projects, including a capstone mobile application project that strengthened software development and problem-solving skills. Passionate about contributing to organizational goals by creating efficient and innovative technology solutions while continuously improving technical and professional skills.

WORK EXPERIENCE

DITTODUB Transcriber | June 2026 - Current

Work from home | Transcriber

- Accurately transcribe, edit, and sync spoken dialogue into well-formatted, easy-to-read subtitles aligned with the video's timing.

Graphic Artist | 2022-2023

Sprint Ads and Printing Services

- Designed and created visual materials including logos, marketing content, and print layouts using Adobe Creative Suite while maintaining brand consistency. Collaborated with clients and teams to deliver high-quality graphics for digital and print media within project deadlines.

Graphic Artist | 2020-2022

Freelance

- Designed and delivered custom visual materials including logos, brand identities, social media graphics, and print collateral using Adobe Creative Suite. Managed projects from concept development to final delivery, ensuring high-quality outputs, strong client collaboration, and timely completion across multiple projects.
